

EVALUATION FORM FOR SUCCESSFUL GRANTEES

One of the conditions of receiving a grant and any future potential grants is for your organization to complete an evaluation of your project. We have designed this document to be self-explanatory and of use not only to the PRCF, but also to you.

Please submit your evaluation by the upcoming date of the next grant schedule or completion of the project - complete with any necessary attachments. Your grant letter will specify any other information required. If you need more space, attach extra pages. Write the name of your organization and project on the top of each continuation page.

Pictures of the completed Project would be helpful to highlight your good work.

In 500 words or less, please state the impact of your PRCF grant on your organization, success and benefits seen from this grant.

Thank you for your continued community work.
